

# MARTIN VRBATA

## ART DIRECTOR, GRAPHIC DESIGNER, UX/UI DESIGNER & WEBDEVELOPER

As Art Director and Graphic Designer, I create visual concepts they communicate ideas to inspire, inform, or captivate your consumers. I can help you make your organization recognizable by using a variety of mediums to communicate a particular idea or identity.

As a UX/UI Designer, I am able to create amazing user experiences while designing high quality layouts, wireframes, and mockups for various stages of design and development.

My skills as a Web Developer allow me to take my designs and create everything from working prototypes to full websites and web applications.
