

MARTIN VRBATA

PRODUCT DESIGNER & SENIOR UX/UI DESIGNER

I am an enthusiastic graphic designer and open-minded problem solver. I have passion for graphic, illustration, branding and sustainable design. I am able to demonstrate my skills by combining various techniques and different media with attention to detail. I came through a wide range of design experiences such as printing, product design, web design and motion design. I am open to multiple directions and possibilities.

As an UX/UI Designer, I am able to create amazing user experiences while designing high quality layouts, wireframes and prototypes for various stages of design and development.
